TUTOR SELECTION PROCESS

✓ Previous Tutoring Experience

We assess each tutor's previous teaching and tutoring experience and only select tutors who know how to deliver quality instruction aligned with curriculum standards.

✓ Academic Expertise

Tutors must pass exams in each subject they teach, demonstrating they understand the concepts and can scaffold instruction to help students reach mastery.

✓ Proven Efficacy in Virtual Teaching

We evaluate each potential tutor's ability to teach in a virtual classroom through simulated tutoring sessions. We look for tutors who are engaging and can explain concepts clearly.

✓ Clear Background Check Results

Our comprehensive background check process ensures that tutors are safe to work with students.
